

FOL SALINA

SALINA, KANSAS

JANUARY 2022

SALINA Airport
Authority

Salina Regional
SLN Airport

AVFLIGHT

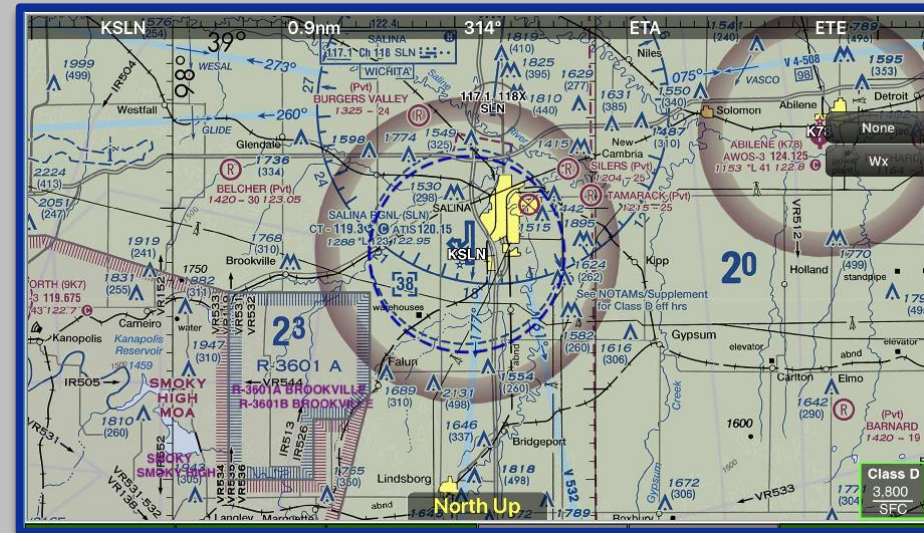

Salina Regional Airport

- 12,300-foot primary runway
- 6,510-foot crosswind runway
- 2.7 million square feet of ramp space
- Over 100,000 square feet of hangar space available for lease and occupancy

Salina Regional Airport

- Located 60 miles West of Fort Riley on I-70.
- 90 miles North of McConnell AFB and the 22nd ARW via I-135.
- 4 interchanges on I-135 provide access to the Airport.
- Adjacent to the Smoky Hill Weapons Range and P-3601.
- Home to KARNG Army Aviation Support Facility #2.

Salina Regional Airport

KSLN primary runway, taxiway, and aircraft parking apron can support all USAF transport aircraft in an AMC fleet. The C-5, C-17, and C-130 frequently operate at the Salina Airport. Civilian aircraft range in size from B-737 to B-747F and use KSLN for troop transport.

- Rates include delivery and return of any equipment to any facility on the Airport.
- Equipment will be positioned and fueled.
- Fuel included, with the exception of vehicles.

*** Minimum of 1 hour for equipment rental**

Debriefing Ability

The Airport's close proximity to Smoky Hill Weapons Range allows for immediate debrief with soldiers training in the field and pilots flying the aircraft. This allows for a more beneficial training environment and a closer relationship between the troops on the ground and in the air.

Prior FOL Salina Units

175th FS, F-16s

Kansas UH-60 ARNG Operations, AASF #2

1st ID CAB Ft. Riley

1st ABCT Brigade Ft. Riley

34th Weapons Squadron

Canadian Forces

And many more!

Nickell Hall Billeting and Training Center

Nickell Hall is Central Kansas' most comfortable billeting facility. With Wi-Fi through out the building, single and double occupancy rooms, an in-house dining facility, and within walking distance of all Airport hangars, Nickell Hall is an easy place to plan your next training engagement.

Why Salina?

The best off-station location for JTAC, ALO, TACP, and CAS training

- Access to the Smoky Hill Weapons Range
- Team with resident ASOS units
- 12,300' runway
- DoD fuel and aircraft service contract
- On site ground equipment to support cargo aircraft
- Military hangars available
