THE SALINA AIRPORT AUTHORITY

The Salina Airport Authority (SAA) is a body corporate and politic. The Authority was created by the City of Salina in April 1965 (Sec. 4-16, Salina City Code) pursuant to the authority granted to the City by the Surplus Property and Public Airport Authority Act of the State of Kansas (KSA 27-315 et seq.) The Authority was created for the purpose of accepting as surplus property portions of the former Schilling A.F.B., which was closed by the United States Department of Defense in June 1965. By quitclaim deed the Authority received over 2,900 acres of land and numerous buildings for the purpose of operating and developing the Salina Regional Airport and the Salina Airport Industrial Center. The Authority is managed and controlled by a five-member Board of Directors appointed by the Salina City Commission.

The Board appoints the Executive Director, who is the Chief Executive Officer of the Authority. The Executive Director hires the remaining employees of the Authority. The Executive Director and his staff of employees manage and operate the Salina Regional Airport and the Salina Airport Industrial Center.

SALINA REGIONAL AIRPORT

The Salina Regional Airport is the only commercial service airport serving Salina/Saline County and the 22-county area comprising North Central Kansas. One regional airline serves the Salina Airport. Great Lakes Airlines has multiple weekday and weekend flights between Salina and Denver International Airport. Total air carrier passenger enplanements average 10,000 passengers per year. With one of the longest primary runways (12,300') in the country, SLN services a wide variety of the corporate, business, private aviation, military, and flight training needs of industry, business, and individuals in the area. The Airport is also used by the Aeronautical Technology Department at Kansas State Polytechnic. The campus of K-State Polytechnic is located adjacent to the airport. The Airport's world-class FBO, Avflight Salina, annually delivers aviation fuel to thousands of business jets and military aircraft. Annual air traffic approaches 90,000 operations. SLN is widely known as [America's Fuel Stop](#) and as the Home of the [Virgin Atlantic GlobalFlyer](#).

SALINA AIRPORT INDUSTRIAL CENTER

The Salina Airport Industrial Center is home for over one hundred and ten businesses and organizations. Sixty of the businesses and organization are tenants of the Authority. One of the primary functions of the Authority is to facilitate the continued growth of jobs and payroll at the Airport Industrial Center. The Authority works in partnership with the City of Salina, Saline County, the Salina Area Chamber of Commerce and the Kansas Department of Commerce for the retention of existing business and industry and the recruitment of new business and industry.

- A recent study by the Docking Institute found that total employment associated with the Salina Regional Airport and Airport Industrial Center activity generated 6,549 jobs and account for \$1.5 billion in total economic activity. Additional information can be found online at <http://www.salinaairport.com/media/35471/slinsaic-final-report.pdf>.

THE SALINA AREA

Salina is the largest city nearest the geographic center of the United States, and is the fifth largest city in the State of Kansas. Salina's population is estimated at 47,707 and Saline County's population is estimated to be 55,606. According to a report published by the K-State Research and Extension, Department of Agricultural Economics in April of 2004, Saline County ranks fifth out of the 105 counties in the State of Kansas in "strength index" for 2002-2004. The index is a measure of economic prosperity including three components - wealth index, employment index and personal income index. Recently Salina was ranked 27th out of 219 cities in the United States to live in by the Rating Guide to Life in America's Small Cities.

[Residents of Salina/Saline County experience:](#)

- Suburban pace with healthy climate and ideal living conditions.
- Cost of living index of 84.3% making it one of the lowest in the state and well below the national average of 100%.
- Salina is located at the intersection of Interstate 135 (north-south) and Interstate 70 (east-west) providing direct access to Denver, Kansas City, Wichita, Oklahoma City and Dallas.
- A full range of leisure activities including:
Live theater, arts center, symphony, museums, wildlife refuge, two country clubs, modern YMCA facility, professional basketball, hunting and fishing, and within a short drive, you find picturesque lakes with miles of uncluttered shoreline and sandy beaches for boating, skiing, hiking and swimming.

POSITION SUMMARY

Under the supervision of the Manager of Operations, the ARFF and Operations Specialist is ready to assist in the rescue of human souls and the protection of property should there be an aircraft accident or incident.
