#### EXECUTIVE DIRECTOR

3237 Arnold Ave. Salina, Kansas 67401 Telephone (785) 827-3914 · FAX (785) 827-2221 · email pmiller@salair.org

**DATE:** August 15, 2025

**TO:** SAA Board of Directors

**FROM:** Pieter Miller and Shelli Swanson

**SUBJECT:** August 20, 2025, SAA Regular Board Meeting

Enclosed are items for your review prior to Wednesday's meeting. Please note that the meeting will be held in the <u>first-floor conference room</u>, <u>Hangar 600</u>, <u>2720 Arnold Ct</u>. A map showing the location of Hangar 600 is enclosed in your board meeting packet. The meeting is also available via the following GoTo link. <a href="https://meet.goto.com/salinaairport/salina-airport-authority-board-meeting">https://meet.goto.com/salinaairport/salina-airport-authority-board-meeting</a>

Wednesday's meeting features agenda items that support Airport Authority STARS objectives:

#### **Safety**

• Agenda Item #15 – Hangar 125 Tube Heater Replacement
Supports Safety by replacing outdated, non-repairable heating equipment with modern systems to maintain safe, functional working conditions for tenants and protect stored aircraft and equipment.

#### **Trust**

- Agenda Item #7 Review of the 2025-A GO Bond Financing Plan
  Builds Trust by openly presenting the long-term financing strategy for major capital projects,
  showing fiscal responsibility, and ensuring transparency in how bond proceeds will be used.
- Agenda Item #10 SAA Purchase Card Program Credit Limit & Policy
  Reinforces Trust through strong internal controls and clear policy guidelines to safeguard public funds, prevent misuse, and maintain accountability in purchasing practices.

#### **Adaptability**

- Agenda Item #8 2026 Mission Statement, Operating Plan & Goals
  Shows Adaptability by updating strategic goals to reflect evolving industry conditions,
  regulatory requirements, and growth opportunities while staying aligned with the SAA mission.
- Agenda Item #9 Staffing/Organization Plan Recommendations
  Fits Adaptability because it realigns roles, adds new positions, and strengthens succession planning to meet changing operational demands and future growth needs.

#### **Rooted in Community**

- Agenda Item #12 Salina Auto Auction Lease Assignment or Sub-lease Rooted in Community by supporting local business continuity and keeping airport facilities actively contributing to the regional economy.
- Agenda Item #11 Environmental Assessment Agreement with H.W. Lochner
  Fits Rooted in Community because the EA is a critical step in responsible land development,
  ensuring that growth at the West Airfield is environmentally sound and aligned with community
  and regulatory expectations.

#### **Success**

#### Agenda Item #6 – Q2 Trend Analysis and STARS Lines of Effort Review (Accomplishments)

Highlights Success by documenting completed milestones and measurable progress in capital improvements, infrastructure projects, and operational enhancements that benefit the airport's long-term growth.

Please note the following agenda item comments.

### Agenda Item #5 – Airport Activity, Scheduled Air Service and Financial Statement Reports for the Month Ending July 31th, 2025 (Miller and Swanson)

#### **Airport Activity – Air Traffic (Miller)**

The Salina air traffic control tower (ATCT) recorded 6,462 operations during July 2025, a 27% increase from the 5,110 operations logged in July 2024. Year-to-date (January–July) operations reached 39,948, up 3% from the 38,780 total during the same period last year, though still well below 2023's 50,043 operations. Itinerant military and general aviation traffic remain strong drivers of activity, continuing to offset reductions in local, civil, and air taxi operations. Overall, SLN air traffic remains steady across key user segments despite sector fluctuations.

#### **Airport Activity – Fuel Flowage (Miller)**

Fuel flowage in July 2025 totaled 221,194 gallons, reflecting a 17.6% increase compared to the 187,920 gallons pumped in July 2024. Year-to-date sales climbed to 1,616,169 gallons—a 41% increase over the 1,147,584 gallons recorded during the same period in 2024 and surpassing the 2023 midyear total. Military and government operations continued to represent the majority of usage, with general aviation and commercial segments also contributing significantly. The ongoing year-over-year growth reflects the strength and diversity of SLN's operational base.

#### Airport Activity – Passenger Enplanements (Miller)

Passenger activity remained robust at SLN in July 2025, with 3,333 enplanements—a 72% increase over July 2024 and more than double the July 2023 total. Year-to-date scheduled and charter enplanements reached 21,284, continuing to outperform previous years and highlighting sustained passenger growth across all routes.

July marked the third month of nonstop United Express service to Houston, which has maintained strong performance alongside Denver and Chicago. SkyWest Airlines carried a total of 6,428 passengers (boardings and deplanements combined), while continuing to meet operational benchmarks with 100% flight completion and improved on-time arrivals.

#### Financial Reports – Comments and Notes (Swanson)

#### Financial Highlights – July 2025

As of July 31, total assets reached \$90.6 million, marking the first time in SAA history that assets have topped the \$90 million milestone. This is an increase of \$882,696 from June and up \$14.2 million (19%) compared to July 2024. The month's asset growth was driven in large part by receipt of a \$1.0 million Kansas Air Service Development Incentive (KASDI) grant, which is restricted to funding the Transportation Services Agreement between SAA and SkyWest Airlines in support of the new nonstop

jet service to Houston (IAH).

Total cash in bank was \$11.63 million, including \$4.44 million in bond funds, \$2.43 million in mill levy proceeds, \$1.39 million for the AIM Center, and \$1.09 million in KASDI funds. Unrestricted operating cash, after excluding \$169,942 in security deposits returnable, totaled \$2.10 million.

Current liabilities decreased \$2.42 million from June, primarily due to reductions in accounts payable, and totaled \$11.45 million. Long-term liabilities remained stable at \$44.56 million.

Year-to-date operating revenues were \$2.40 million, \$274,450 ahead of budget and up \$432,115 (22%) over last year. Airfield revenues were particularly strong, up 41% year-over-year, led by fuel flowage fees (+41%) and hangar rent (+44%).

Operating expenses of \$2.06 million were 3% under budget and up \$97,090 (5%) from last year. The largest year-over-year increases were in property insurance, medical insurance, airport promotion, and snow removal expenses.

Net ordinary income for the year-to-date was \$345,364 versus \$10,339 for the same period in 2024.

Other income totaled \$8.05 million, driven by \$4.71 million in capital contributions (including \$1.66 million ALOFT Grant funds, \$1.13 million in Air Service Grants, and 1.9M in FAA airport improvement program grants) along with \$1.08 million from the sale of assets.

On July 31, SAA closed on the sale of Hangar 724 and Building 820 to Kansas State University Salina, generating net cash proceeds of \$394,215 and \$234,375, respectively.

Net income year-to-date was \$4.25 million, up \$2.84 million (201%) over last year.

Capital expenditures in July were \$247,681, with activity including terminal building design work, waterline relocation, Project 80 professional services, and HVAC upgrades for Building 394. Year-to-date capital spending was \$10.57 million, or 33% of the annual budget.

### <u>Financial Reports – Accounts Receivable Past Due 31 days or more as of August 15, 2025</u> (Swanson)

| Account               | Amount     | Days  | Comments      |
|-----------------------|------------|-------|---------------|
| Enterprise            | \$200      | 31-60 | License Fee   |
| Hale, Max Alan        | \$258      | 31-60 | Hangar rent   |
| Kansas Military Board | \$4,478.96 | 31-60 | Facility rent |

# <u>Agenda Item #6 -- Review of the SAA's Q2 Trend Analysis and STARS Q2 2025 Lines of Effort</u> (Swanson/Miller)

Enclosed is the SAA's 2nd Trend Analysis & STARS Lines of Effort update for 2nd quarter 2025. Staff and I will cover the progress made towards completion.

Agenda Item #7 -- Review of the 2025-A GO Bond Financing Plan. (Swanson/Arteberry)

David Arteberry with Stifel will be at the meeting to assist in presenting the plan for the 2025-GO bond issue slated for later this year.

## Agenda Item #8 -- Review and consideration of the SAA's 2026 Mission Statement, Operating Plan & Goals, and Operating Revenue/Expense Budget. (Miller/Swanson)

The proposed 2026 Mission Statement, Operating Plan, and Goals reaffirm the Salina Airport Authority's mission to be a trusted global leader propelling economic growth for aerospace, business, industry, and military by strengthening partnerships. These goals reflect our STARS core values—Safety, Trust, Adaptability, Rooted in Community, and Success—and emphasize advancing key initiatives such as completing the permanent tail-dock installation and bringing Hangar 959 into compliance with industry standards, transitioning to PFAS-free firefighting systems, and continuing long-term environmental monitoring for the Schilling Environmental Project. Other priorities include executing Phase II of Project 80, supporting SLN West development through the completion of the Environmental Assessment, expanding MRO capabilities, and growing the AIM Center's programs and partnerships. The 2026 STARS Goals by Core Value will be handed out at the meeting.

The plan also includes implementing staffing structure updates and succession planning to support organizational growth, realigning job duties to strengthen departmental capabilities, and enhancing tenant and stakeholder engagement. Additional priorities focus on integrating advanced aviation technologies like UAS/UAV sense-and-avoid systems and actively participating in national aviation policy and industry initiatives to position SLN for sustained growth.

Shelli Swanson and I will provide detailed updates on the operating plan, staffing initiatives, and strategic goals during the meeting.

### <u>Agenda Item #9 -- Consideration of Staffing/Organization Plan recommendations.</u> (Miller/Swanson/Dreiling)

The proposed staffing plan establishes a Deputy Finance & Administration Director position to provide immediate support for financial operations and Real Estate and Marketing Manager to ensure a smooth transition when the Finance Director role becomes vacant. This supports continuity in leadership,

strengthens succession planning, and maintains operational stability.

The plan also reallocates selected job duties to positions better suited to perform them, improving efficiency, aligning responsibilities with staff strengths, and enhancing the organization's ability to meet current and future demands and development of a Real Estate & Marketing Manager.

Recruitment for the Deputy Finance & Administration Director is targeted to begin in the fourth quarter of 2025, with onboarding and cross-training to follow immediately. The Real Estate and Marketing Manager position will be filled in early 2026. Additional position adjustments and duty reallocations are expected to be implemented through mid-2026.

More details on this staffing plan will be presented at the meeting by Pieter Miller, Shelli Swanson, and Lindsey Dreiling.

### <u>Agenda Item #10 -- Consideration of SAA Purchase Card Program Credit Limit & Policy.</u> (Swanson)

The Airport Authority is migrating from traditional corporate cards to a Purchasing Card (P-Card) program to streamline low-dollar, high-volume purchases, reduce employee reimbursements, and improve reconciliation. The P-Card platform provides real-time visibility, configurable controls (role-based limits, per-transaction caps, and merchant category restrictions), and tighter segregation of duties. It also supports digital receipt capture and automated posting to our accounting system, which will shorten month-end close and strengthen audit readiness.

At the meeting, we'll present the updated Purchasing Card Policy and the proposed credit limits by role/department. The policy outlines cardholder responsibilities, pre-approval thresholds, restricted vendors, exception handling, and monthly review/audit procedures. We are working through the rollout plan (training, cardholder agreements, and activation sequence) and the monitoring framework for continuous compliance, including periodic limit reviews and revocation procedures for misuse.

#### <u>Agenda Item #11 -- Consideration and approval of the Environmental Assessment Consultant</u> <u>Agreement with H.W. Lochner, Inc. for West Airfield Development.</u> (Miller)

The Salina Airport Authority has negotiated a consultant agreement with H.W. Lochner, Inc. ("Lochner") to perform the Environmental Assessment (EA) for the proposed West Airfield Development at the Salina Regional Airport. The EA will evaluate potential environmental impacts of planned improvements, consistent with FAA Orders 1050.1G and 5050.4B, and will include coordination with federal, state, and local resource agencies; field investigations; public and tribal consultation; and preparation of NEPA documentation for FAA review.

The scope of work includes analysis of affected environmental categories such as noise, land use compatibility, water quality, wetlands, endangered species, historic resources, and hazardous materials. The contract amount is \$150,163 (lump sum), with additional services to be authorized if required by the FAA during the review process.

To offset the cost of the EA, the Airport Authority is applying for a State of Kansas grant that, if awarded, will fund the full contract amount. This project is a critical first step in advancing the West

Airfield Development, which supports the Authority's long-term growth and land development strategy.

**Recommendation:** Approval of the consultant agreement with H.W. Lochner, Inc. for the West Airfield Development Environmental Assessment, and authorization for the Executive Director to execute the agreement.

## Agenda Item #12 -- Consideration and approval of the Consent to Assignment and Assumption of Lease and First Lease Amendment: Salina Auto Auction, Inc. → SAA, LLC (Swanson)

Since March 1970, Salina Auto Auction has been a valued business in the Airport Industrial Center and a long-standing tenant of the Salina Airport Authority. In 2011, following the transfer of ownership from John and Donna Young to Ryan and Dana Huffaker, the parties entered a new lease dated August 18, 2011 for Lots 6, 7 and 8 including Building 496 (2845 Centennial Rd.). Effective November 1, 2020, Lot 8 was removed from the leasehold; the premises now consist of Lots 6 and 7 with Building 496.

The Authority has been notified that SAA, LLC (a Kansas limited liability company) is acquiring the business assets of Salina Auto Auction and desires to continue operations at Building 496 and assume the existing lease. The 2011 Lease requires prior written consent from the Authority for any assignment or sublease; enclosed is a Consent to Assignment and Assumption of Lease and First Lease Amendment that (i) grants the Authority's consent, (ii) confirms SAA, LLC's full assumption and prohibits further transfer without consent, (iii) updates the legal description (Lots 6 & 7 with Building 496), and (iv) adds two additional five-year options to the renewal structure with biennial CPI adjustments. We are finalizing an updated Exhibit A map that will be available at the meeting.

Consistent with recent Authority practice, the First Lease Amendment also clarifies environmental responsibilities: the Authority remains responsible for contamination prior to March 1, 1970, and the Lessee is responsible from and after March 1, 1970, with notice and cleanup obligations and compliance with applicable environmental laws. As a condition of consent, SAA, LLC agrees to these environmental obligations (Section 5 "Environmental Concerns") retroactive to March 1, 1970.

The Assignment and Assumption of Lease instrument includes a release of the Assignor (Salina Auto Auction, Inc.) from lease obligations as of the effective assignment date, with SAA, LLC assuming all tenant duties prospectively.

**Recommendation:** Approval of the Consent to Assignment and Assumption Lease and First Lease Amendment for the Salina Auto Auction lease to SAA, LLC, and authorization for Chair Boos to sign the consent and any related documents substantially in the form presented.

## <u>Agenda Item #13 -- Consideration and approval of Terminal Building Expansion Change Orders.</u> (Miller)

Four change orders are presented for consideration to address unforeseen site conditions, adjust project scope, and implement cost-effective solutions while maintaining quality and schedule. The changes result in a net project increase of \$28,457.59, which includes added costs for roof drainage

improvements at the existing concourse (\$27,370.00) and Controlled Low-Strength Material (CLSM) for hold room footings (\$29,227.59), offset by credits for removing hold room gate podiums (–\$11,560.00) and eliminating EIFS installation while replacing gutters/downspouts and repainting the existing terminal exterior (–\$16,580.00).

#### • Change Order #3 – Concourse Roof Drainage

Adds proper roof drainage for the portion of the existing passenger concourse roof located between the new TSA screening area and new baggage handling area expansions.

Purpose: Prevents water accumulation and potential structural or maintenance issues.

Total: \$25,714.00

#### • Change Order #4 – Gate Podium Removal

Removes fabrication and installation of SkyWest gate podiums from the contract. SkyWest will provide the podiums directly.

Purpose: Eliminates duplicate procurement and reduces project cost.

*Total:* -\$11,560.00

#### • Change Order #5 – Passenger Hold Room Footing

Addresses inadequate soil bearing strength at the planned footing depth. Excavation was extended to reach acceptable strength, with Controlled Low-Strength Material (CLSM) used to fill the additional depth.

*Purpose:* Foundation stability and compliance with structural specifications.

*Total:* \$27,459.20

#### • Change Order #6 – EIFS Scope Revision and Gutter Replacement

Removes the Exterior Insulation and Finish System (EIFS) from the exterior of the existing terminal due to unforeseen conditions that would have substantially increased installation costs. The change substitutes repainting the existing surfaces and includes removal and replacement of aged gutters and downspouts.

*Purpose*: Reduces cost impacts while maintaining exterior durability and appearance.

*Total:* -\$16,580.00

#### **CHANGE ORDER LINE ITEMS**

| # | Description  | Amount        |
|---|--|---------------|
| 3 | Roofing at Existing Concourse  | \$23,000.00   |
|   | GC Insurance (1.00%):  | \$230.00      |
|   | Fee (10.00%):  | \$2,300.00    |
|   | Bond (0.80%):  | \$184.00      |
|   | Total:   | \$25,714.00   |
| 4 | Removal of hold room gate podiums from scope of work   | (\$11,560.00) |
| 5 | Provide and install additional item P-153 Controlled Low-Strength Material (CLSM) (flowable fill) from bottom of hold room footings extending 14" down into the native soil to find suitable soil bearing strength | \$24,561.00   |
|   | GC Insurance (1.00%):  | \$245.61      |
|   | Fee (10.00%):  | \$2,456.10    |

|   | Bond (0.80% ):  | \$196.49      |
|---|---|---------------|
|   | Total:  | \$27,459.20   |
| 6 | Remove EIFS scope of work,<br>Remove and replace gutters<br>and downspouts, Paint<br>existing structure | (\$16,580.00) |
|   | Grand Total:  | \$25,033.20   |

**Recommendation:** Approval of Change Orders #3, 4, 5, 6 from Icon Structures for the Terminal Building Project in the amount of \$25,033.20 and authorize the executive director to sign the change order documents.

#### Agenda Item #15 -- Consideration and approval of Hangar 125 tube heater replacement. (Miller)

Upon completing inspections of the HVAC systems in Hangar 125(RMA Engineering), it was determined that all radiant tube heaters in the hangar area needed repairs. Due to the age of the heaters and the manufacturer no longer being in business, parts are unavailable to complete the repairs. Salina Airport Authority received bids for the installation of new tube heaters and flu pipe replacement. The results of the bids are tabulated here.

| Bid Tabulation      |                 |           |  |
|---------------------|-----------------|-----------|--|
| Projects            | Hangar 125 Tube |           |  |

#### **Recommendation:**

Approval of the construction bid from Pestinger for installation of tube heaters in Hangar 125 in the amount of \$28,021 and authorize the executive director to sign a contract for the project.

Please let us know if you have any questions you would like us to prepare for in advance of the meeting.

#### SALINA AIRPORT AUTHORITY REGULAR BOARD MEETING Hangar H600, First Floor Conference Room 2720 Arnold Court

#### August 20, 2025 – 8:00 AM

#### **AGENDA**

#### Call to Order

- 1. Call to order, determine that a quorum is present and confirm that the meeting notice has been published. (Boos)
- 2. Recognition of guests. (Boos)
- 3. Additions to the agenda and agenda overview. (Miller)

#### **Action Items:**

- 4. Approval of the minutes of July 16th, 2025, Regular Board Meeting. (Boos)
- 5. Review of airport activity and financial reports for the month ending July 31st, 2025 (Miller/Swanson)
- 6. Review of the SAA's Q2 Trend Analysis and STARS 2025 Q2 Lines of Effort. (Swanson/Miller)
- 7. Review of the 2025-A GO Bond Financing Plan. (Swanson/Arteberry)
- 8. Consideration of Staffing/Organization Plan recommendations. (Miller/Swanson/Dreiling)
- 9. Review and consideration of the SAA's 2026 Mission Statement, Operating Plan & Goals, and Operating Revenue/Expense Budget. (Miller/Swanson)
- 10. Consideration of SAA Purchase Card Program Credit Limit & Policy. (Swanson)
- 11. Consideration and approval of the Environmental Assessment Consultant Agreement with H.W. Lochner, Inc. for West Airfield Development. (Miller)
- 12. Consideration and approval of Salina Auto Auction Consent to Assignment and Assumption of Lease. (Swanson)
- 13. Consideration and approval of Terminal Building Expansion Change Orders. (Miller)
- 14. Consideration and approval of Hangar 125 tube heater replacement. (Miller)

#### **Staff Reports:**

#### **Executive Session: (Boos)**

| 15. An executive session of the board of directors to discuss confidential proprietary information relating to financial affairs of corporations.  |
|--|
| I move the board recess into executive session for minutes to discuss the subject of confidential proprietary information relating to a corporation based upon the need to discuss data relating to financial affairs of corporations, partnerships, trusts, and individual proprietorship pursuant to KSA 75-4319. Open meeting will resume in this room ata.m. |
| Airport Authority board action following the executive session is not expected to occur.   |
| <u>Directors' Forum:</u> (Boos)  |
| Visitor's Questions and Comments: (Boos)   |
| Announcements: (Windhorst)   |
| Adjournment: (Boos)  |

# MINUTES OF THE REGULAR MEETING OF THE SALINA AIRPORT AUTHORITY BOARD OF DIRECTORS JULY 16, 2025 HANGAR 600, ROOM 100

#### Call to Order

Vice-Chair Commerford called the board meeting to order at 8:00 a.m. and confirmed that a quorum was present. Business and Communications Manager Kasey Windhorst confirmed that the board meeting notice and packet were published and distributed on Friday, July 11, 2025.

#### **Attendance**

Directors Roberg, O'Brien, Commerford and Bunns attended in person. Director Boos was absent. Attending in person were Executive Director Pieter Miller; Director of Administration and Finance Shelli Swanson; Director of Facilities and Construction Maynard Cunningham; Business and Communications Manager Kasey Windhorst; Airport Administration Specialist Michelle Moon; and Attorney Greg Bengtson. Guests in attendance: Mitch Robinson, Salina Economic Development Organization; Cody Heiman, First Bank Kansas; Odalis Jeminez, State Senator Roger Marshall's Office; and Jim Weese, Saline County Commissioner. Guests in attendance remotely (VTC): Preston Gilson, and Brent Zollinger, Docking Institute at Fort Hays State University and Trent Davis, City of Salina Commissioner.

#### Agenda

Executive Director Miller reviewed the agenda items. In consideration of the presenter's back-to-back meetings, Miller requested that the Economic Impact Study presentation by the Docking Institute representatives be moved forward, following the financial report (agenda item 5).

#### **Minutes**

Director O'Brien moved to accept the June 24, 2025 regular board meeting minutes as presented. Director Roberg seconded the motion. Motion passed 4-0.

#### **Airport Activity**

Miller reviewed the June 2025 monthly airport activity. Operations were even in number to the operations performed in June 2024 (5,690 and 5,403 respectively). Fuel flowage was down slightly

from June 2024, but year-to-date fuel is 45% above June 2024 YTD. Enplanements for 2025 Year-to-date are 56% higher than 2024; SkyWest reports that enplanement YTD 2025 have outpaced all the 2024 enplanements. In ArkStar market report, June enplanements were at 70% of capacity. The report states that 85% of the offered fares out of SLN cost less than any other Kansas airport. Miller stated that the next phase of marketing will focus on business travel incentives offered by United to SLN customers.

#### **Financial Review**

Swanson reviewed the June 2025 financials. Total assets reported at \$12.5M, with cash in bank at \$10.5M, of which \$1.6M is unrestricted, \$4.76M restricted bonds, \$1.4M restricted AIM Center, and \$2.5M restricted mill levy funds. Total income was \$2.09M for June 2025, 14% higher than budget and 26% higher than June 2024. Operations Expenses for 2025 year to date reached \$1.70M, an increase over 2024 by 3%. Swanson reported Net Operating Income at \$386,000, an improvement of \$18,000 over 2024. Director Commerford instructed staff to file the financials for audit.

# <u>Presentation on Salina Regional Airport & Airport Industrial Center 2025 Economic Impact Study</u>

Miller introduced Dr. Brett Zollinger and Dr. Preston Gilson from the Docking Institute, presenting the 2025 Salina Regional Airport and Airport Industrial Center Economic Impact Study as prepared by the Docking Institute of Public Affairs at Fort Hays State University. Miller noted that the Docking Institute completed the previous impact study in 2022. Reviewing the report's executive summary for the board, Miller highlighted the conclusions that the airport and the airport industrial area generates \$1.62B (41.4%) to the Salina and Saline County area economy (reported in 2022 to be \$1.3B). The report further notes that 30% of the total employment for Salina is related to the airport and the airport industrial area – 12,376 jobs.

Dr. Zollinger noted that the study for 2025 included data from military and educational activity. In addition, a survey of chamber members calculated the impact of business passengers inbound to Salina through SLN generated at least \$437,230 in direct spending in Salina. Business travel out of SLN was most often to Washington DC.

Dr. Gilson reviewed the methodology for the study. Gilson noted that many businesses were hesitant to participate, a trend that is nationwide. The study received 32% complete survey responses. From the surveys returned, data indicates steady growth for the reporting businesses through 2030. Private businesses contributed \$1.55 billion in output and 8,700 jobs, representing the majority of direct economic activity. Educational and public sector tenants contributed over 600 jobs and more than \$70 million in combined output.

# Review of the SAA's 2026 G.O. bond debt schedule and resulting mill levy requirements for G.O. bond debt payments

Swanson presented to the board the updated summary of the 2026 G.O. bond debt service payments and resulting mill levy requirements for each bond issue. The updated summary considers the most recent Saline County Clerk report on City of Salina assessed valuation. Swanson detailed the new 2025A long term note financing and the 2026A matching fund. Review of the G.O. bond debt service schedule and mill levy requirements sets the stage for considering SAA board action on a Notice of Revenue Neutral Rate Intent.

#### Review and Consideration of the SAA's 2025 Notice of Revenue Neutral Rate Intent

Miller reviewed the State Statute for the Notice of Revenue Neutral Rate Intent (K.S.A. 79-1460, 79-1801, 79-2024, and 79-2925(c)) requiring public notice of the possibility that the Salina Airport Authority may adopt a 2025 levy that exceeds the 2025 Revenue Neutral Rate (RNR). The maximum 2025 mill levy the board may consider is 6.749 mills to fund the 2026 budget. The Airport Authority is required to publish the maximum amount allowed (6.749 mills) however the final mill levy adopted may be less.

Swanson reviewed the process and budget calendar for the required events, including a public hearing to be held on September 3, 2025 at 4:00 p.m.

Director O'Brien moved to approve the Notice of Revenue Neutral Intent and authorized Vice Chair Commerford to sign and submit the certification to the Saline County Clerk. Director Roberg seconded the motion. Voting passed unanimously.

# Consideration and Approval of a substitute agreement for the Sale of Hangar 724 to Kansas Board of Regents

Miller reviewed the substitute agreements for the Sale of Hangar 724 to the KS Board of Regents that removes Section 7 (Reservation of Nonrenewable Resources). The Authority had no intention of retaining mineral rights or pursuing resource development. Miller stated that there is no price change. In addition, the contract is revised to reflect a closing on or before August 22, 2025, in place of the original July 31 closing date, to accommodate additional time required for KBOR/KSU approvals and preparation for closing.

Director Roberg moved to approve the substitute Contract for Sale of Real Estate for Hangar 724 as revised, authorizing Vice Chair Commerford to sign the agreement. Director O'Brien seconded the motion. Voting passed 4-0.

# Consideration and Approval of a substitute agreement for the Sale of Building 820 to Kansas Board of Regents (Miller/Swanson)

Miller reviewed the substitute agreement to the Board for the sale of Building 820 to Kansas Board of Regents. Miller explained that this revision mirrors that for the sale of Hangar 724.

Director Roberg moved to approve the substitute Contract for Sale of Real Estate for Building 820 as revised, authorizing Vice Chair Commerford to sign the agreement. Director O'Brien seconded the motion. The motion passed 4-0.

#### Consideration and approval of lease agreement with Salina Mini Storage

Swanson reviewed the historical data of the lease with the tenant and the proposed lease agreement for the board. The new lease with the Larry W. Smith Trust and the Susan Joy Smith Trust commences August 1, 2025. The Lease Term is five (5) years, through July 31, 2030 and renewable for four (4) additional five-year terms. Monthly rent is \$595.00, and CPI adjustments will occur. The agreement further details restoration, improvements, and obligations. The lease is under review by legal counsel. Minor revisions may occur prior to final execution, but no material changes are anticipated.

Director Roberg moved to approve the new lease agreement with Larry and Susan Joy Smith, as Trustees of the Larry W. Smith Trust and the Susan Joy Smith Trust, for the continued operation of Salina Mini Storage and to authorize Vice Chair Commerford to sign the agreement, seconded

by Director O'Brien. The motion passed 4 - 0.

**Staff Reports** 

Terminal Building Update

Director of Facilities and Construction Cunningham noted roof materials are on site, and the

sprinkler system installation continues in the TSA and lobby. Cunningham reported that the

concrete slab for the passenger hold room is complete.

**AIM Center Direction** 

Miller stated that the SAA will continue to maintain and operate the AIM Center. The deadline for

spending grant funds is extended to June 2026 for the \$1.4M in dedicated funds.

**Announcements** 

Business and Communications Manager Windhorst reminded the board of the special meeting

added to the calendar, September 3, 2025 at 4:00 p.m. to be held in Hangar 600, Room 100.

Director Roberg moved to adjourn, and Director O'Brien seconded the motion. Motion carried 4

-0.

The meeting adjourned at 9:48 a.m.

Minutes are approved by the board, August 20, 2025.

#### **CONSULTANT AGREEMENT**

| Owner:      | Salina Airport Authority   |
|-------------|--|
| Client:     | Salina Airport Authority   |
| Consultant: | H.W. Lochner, Inc. ("Lochner")   |
| Date:       |  |
| Project:    | Salina Regional Airport West Airfield Development Environmental Assessment |

Lochner and the Client (collectively, the "Parties" and individually, a "Party") agree as follows:

- **1.** Agreement. This Agreement is a contract between Lochner and the Client for Lochner to perform consulting, engineering, and/or design services on the Project.
- **2.** <u>Lochner.</u> Lochner is the Client's Consultant for the services listed in this Agreement which Lochner is contracting to provide for the Project, and Lochner shall facilitate the exchange of information between or among Lochner and the Client, Lochner and other consultants retained by the Client, and Lochner and other consultants that Lochner may have retained for the Project. All communications between Lochner and the Client shall be through Lochner unless the Client authorizes otherwise.

Lochner represents that it is a properly licensed engineering firm and is registered to practice its profession and to conduct business in the State of Kansas.

- **3.** <u>Scope of Services</u>. Lochner shall perform the services set forth in Article I of Attachment A Scope of Work/Services, as awarded herein (the "Services").
- **4. Schedule.** Lochner shall perform its Services within a timeframe mutually agreed to by Lochner and the Client as defined in Article II of Attachment A.
- **5.** <u>Compensation</u>. The Client shall compensate Lochner in accordance with Article III of Attachment A.

Lochner shall strive to cooperate with and to coordinate its Services with the activities of all other parties to the Project, including other consultants retained by the Client.

- **6.** Additional Services. If the Client requests Lochner to perform services that Lochner believes to be in addition to the Services specified in Section 3 of this Agreement, and for which Lochner believes it is entitled to additional time or additional compensation, before commencing with any Additional Services Lochner shall submit a written cost estimate and revised schedule in accordance with Section 15 of this Agreement. Lochner shall not commence with any Additional Services without written authorization by the Client.
- **Standard of Care**. The standard of care applicable to Lochner's Scope of Services shall be the degree of skill and care normally employed by professionals engaged to perform services similar

to the Services required herein at the same time and in the same geographic area as the performance of Services hereunder and on projects similar in size and scope to the Project. In the event a standard of care is prescribed by statute, such statutory formulation shall be the Standard of Care.

- **8.** Payment. Lochner shall send invoices to the Client at monthly intervals. Payment will be made to Lochner for invoiced Services not more than thirty (30) days following submittal of invoice to the Client.
- **9.** <u>Correction of Work</u>. Lochner shall correct any Services that fail to conform to the Standard of Care set forth in Section 7 of this Agreement at Lochner's own expense.
- **10.** <u>Termination</u>. Lochner may terminate this Agreement upon five (5) days written notice if the Client breaches any term of this Agreement. The Client may terminate this Agreement upon seven (7) days written notice without cause for the Client's own convenience. If this Agreement is terminated by Lochner for the Client's breach, the Client shall be liable to Lochner for all costs and expenses that Lochner incurred prior to the termination as a result of the Client's breach. If this Agreement is terminated by the Client for its convenience, Client shall be liable to Lochner for all costs and expenses that Lochner incurred prior to the termination.
- **11.** <u>Insurance</u>. Lochner will provide and maintain the following policies of insurance under the terms and conditions set forth below:
- 1. Professional Liability Insurance retroactive to the date of commencement of Lochner's services in relation to the Project with a per claim and aggregate limit in the amount of the greater of \$1.0 million. This policy shall be maintained in effect for a period of one (1) year after completion of all Lochner's Services hereunder.
- 2. Commercial General Liability ("CGL") Insurance in the amount of \$1.0 million per occurrence, \$1.0 million aggregate limit, and \$1.0 million products and completed operations aggregate limit. In addition to the coverage provided by the Commercial General Liability Insurance, if not already included in such coverage, such insurance shall also provide coverage for personal injury, bodily injury, property damage, products-completed operations (for a minimum of five (5) years after completion of work) and broad form contractual liability.
- **3. Comprehensive Automobile Liability ("Auto") Insurance** in the amount of \$1.0 million per occurrence, and \$1.0 million aggregate limit. In addition to the coverage provided by the Comprehensive Automobile Liability Insurance, if not already included in such coverage, such insurance shall also provide coverage for personal injury, bodily injury and property damage arising out of owned, hired, leased and non-owned vehicles, automobiles, trucks and trailers.
- **4. Workmen's Compensation Insurance** in the amount of the statutory maximum, if there is one, and if there is no statutory maximum, in the amount of \$1.0 million and Employer's Liability Insurance of at least \$1.0 million.
- **5. Umbrella Excess Liability Insurance** in the minimum amount of \$3.0 million each occurrence, and \$3.0 million aggregate limit. The Umbrella Excess Liability Insurance shall be written on an umbrella excess basis over, and shall follow form to, the Commercial General Liability Insurance policy, the Comprehensive Automobile Liability Insurance policy, and the Employer's

Liability Insurance policy. The Umbrella Excess Liability Insurance policy shall be endorsed to provide defense coverage obligations.

Lochner will include coverage for its subcontractors in its policies or obtain from each subcontractor equivalent insurance as required of Lochner hereunder. The provisions of Section 11 shall apply equally to Lochner's subcontractors as they do to Lochner.

All insurance policies will be endorsed to provide that the insurance company will give the Client at least thirty (30) days written notice of cancellation or material change prior to such cancellation or modification.

Prior to commencement of Lochner's Scope of Services hereunder, Lochner shall provide the Client with certificates of insurance evidencing the requirements set forth herein.

12. Indemnification. Lochner agrees to indemnify the Client and its officers, directors, members, managers, employees and assigns (the "Indemnitees") from and against liability, claims, damages, losses and expenses (including, but not limited to, reasonable attorneys' fees, expert witness costs, other litigation costs, judgments, settlements and economic losses) (collectively the "Losses" and individually, a "Loss") arising out of or resulting from negligent performance of any Services or duties under this Agreement by Lochner, its subcontractors, lower-subcontractors, or agents of any tier or their respective employees provided, however, that in the event of a Loss arising out of damages to persons or property, the foregoing obligation (1) shall not require Lochner to indemnify any Indemnitee for Losses other than to the extent caused by the act, omission or default of Lochner, its contractors, subcontractors, lower-subcontractors, materialmen, or agents of any tier or their respective employees, where such is prohibited by law, and (2) shall not require Lochner to indemnify any Indemnitee for Losses caused in whole or in part by any act, omission, or default of the Indemnitee, where such is prohibited by law. If the obligation to indemnify set forth in this Section is broader than that allowed by applicable law, this Section should be interpreted as providing the broadest indemnification obligation permitted and should be limited only to the extent necessary to comply with that law.

Lochner shall reimburse the Client for its reasonable attorneys' fees, expert witness costs and other litigation costs to enforce this Section 12 and shall survive the termination or full performance of this Agreement by either or both Lochner and/or the Client. Section 12 is to be read separately and independently of Section 11 and the additional insured obligations therein contained.

- **13.** Waiver of Immunity. In claims against any person or entity indemnified under Section 12 by an employee of Lochner, a subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable (a "Claimant"), the indemnification obligation under Section 12 shall not be limited by a limitation on amount or type of damages, compensation or benefits payable by or for the Claimant's employer under workers' compensation acts, disability benefit acts or other employee benefit acts.
- **14.** Ownership of Documents. If the Agreement requires that any of the Client's documents, drawings, plans, specifications, or other work product are, or shall become, the property of another person, Lochner shall, at the Client's request, assign all rights of ownership of any like document prepared by Lochner to the same person.

**15.** Changes. Client may, by written direction only, make changes, revisions, additions, or deletions (collectively called "changes") to this Agreement. Any claim by Lochner for an adjustment under this paragraph must be asserted in writing fully supported by factual documentation to the Client, within fifteen (15) calendar days from the date of receipt by Lochner of the written change order from the Client, or within such extension of this period as Client, in its sole discretion, may grant in writing at Lochner's request prior to expiration of said period.

Claims arising under this Agreement shall be decided in the state or federal courts located in Kansas.

- 16. Confidentiality. Lochner acknowledges, that as part of Lochner's relationship with the Client, it will have access to information that is not publicly available ("Confidential Information"). Lochner agrees that it will maintain strict confidentiality with respect to such Confidential Information and will not, directly, or indirectly, disseminate it or use it for any purpose unrelated to Lochner's obligations under this Agreement. Lochner shall not, without the prior written consent of the Client, make any public statement, announcement or release concerning the Project or the Confidential Information to trade publications, the press, or any other individual, corporation, partnership, or entity except as may be necessary to comply with the requirements of any applicable law, governmental order or regulation. In the event Lochner believes it is required to disclose any Confidential Information in order to comply with any applicable law, governmental order or regulation, Lochner shall promptly notify the Client of same with sufficient time to allow the Client to object or otherwise take actions to prevent the disclosure of such Confidential Information.
- **17.** Quality Control/Quality Assurance. Lochner shall perform Quality Control/Quality Assurance (QC/QA) commensurate with the Standard of Care throughout the provision of all Services by Lochner pursuant to the terms of this Agreement.

#### 18. Miscellaneous Provisions.

- **1. Assignment.** Lochner shall not assign this Agreement or the benefits arising therefrom without the prior written consent of the Client.
- **2. Integration.** This Agreement represents the entire and integrated Agreement between Lochner and the Client and supersedes all prior negotiations, representations or agreements, either written or oral.
- **3. Third Parties.** There are no third-party beneficiaries to this Agreement other than as expressly indicated in Section 11 (Insurance) and Section 12 (Indemnification).
- **4. Invalidity**. In the event any provision or part of a provision of this Agreement is found invalid by a tribunal of competent jurisdiction, (i) the other provisions or parts of the provision of this Agreement shall remain in full force and effect notwithstanding such finding, and (ii) the Agreement shall be interpreted to, as closely as possible, effectuate the purpose the original Agreement language.
- **5. Mutually Negotiated**. The Parties acknowledge that the terms and conditions of this Agreement have been the subject of mutual negotiation, and that this Agreement shall be construed as if drafted jointly by the Parties and no presumption or burden of proof shall arise favoring or disfavoring any Party by virtue of the authorship of any provision of this Agreement.

- **6. Survival**. Notwithstanding anything herein to the contrary, the provisions of this Agreement providing for limitation of or protection against liabilities between the Parties, shall survive termination of the Agreement and/or completion of the Services hereunder.
- **7. Limitation of Liability.** Lochner's liability for any claim or breach of Standard of Care shall be limited to the amount of its Compensation as defined in Section 4.
- **8. Notices**. Unless otherwise provided herein, all notices, requests, consents, approvals, demands and other communications to be given hereunder shall be in writing and shall be deemed given upon (a) the date of delivery when hand delivered to the respective Parties as set forth below, or (b) actual receipt as evidenced by proof of delivery by a national courier service or the United States Postal Service, addressed to the respective Parties at the following addresses:

#### **Notice to Lochner:**

Matt Jacobs mjacobs@hwlochner.com Project Manager H. W. Lochner, Inc.

#### **Notice to Client:**

Pieter Miller, CM pmiller@salair.org Executive Director Salina Airport Authority

- **9. Mutual Waiver of Consequential Damages.** In no event shall either Party, their members, managers, affiliates, officers, directors, employees, agents, or shareholders be liable to the other Party for any special, incidental or consequential damages, direct or indirect, including, but not limited to, lost revenue, lost profits, financing costs, overhead, penalties, fines, liquidated damages and lost opportunities, whether incurred by a Party or by third parties to that Party may be liable, whether sounding in breach of contract, warranty, tort (including negligence), strict or statutory liability or otherwise, arising from or relating to the Services under this Agreement.
- **10. Electronically Produced Documents.** Electronically produced documents will be submitted in data files compatible with AutoCAD Release 2020. Lochner makes no warranty as to the compatibility of the data files beyond the above specified hardware and release or version of the stated software.

Because data stored on electronic media can deteriorate undetected or be modified without Lochner's knowledge, the electronic data files submitted to the Sponsor or other Agencies will have an acceptance period of thirty (30) days. If during that period the Sponsor or other Agencies find any errors or omissions in the files, Lochner will correct the errors or omissions as a part of the basic Agreement. Lochner will not be responsible for maintaining copies of the submitted electronic data files after the acceptance period.

11. Engineer's Opinion of Probable Project Cost and Construction Cost. Since Lochner has no control over the cost of labor, materials, equipment or services furnished by others, or over

the Contractor(s) methods of determining prices, or over competitive bidding or market conditions, Lochner's opinions of probable Project Cost and Construction Cost provided for herein are to be made on the basis of Lochner's experience and qualifications and represent its best judgment as an experienced and qualified professional engineer, familiar with the construction industry; but Lochner cannot and does not guarantee that proposals, bids or actual Project or Construction Cost will not vary from opinions of probable cost prepared by Lochner. However, Lochner represents that it will use reasonable engineering care and judgment commonly exercised by an engineer in the same or similar circumstances in making and transmitting such cost estimates to the Client.

**12. Force Majeure.** Any delay or failure of Lochner in the performance of its required obligations hereunder shall be excused if and to the extent caused by acts of God, war, riot, strike, fire, storm, flood, windstorm, discovery or uncovering of hazardous or toxic materials or causes beyond the reasonable control of Lochner, provided that prompt written notice of such delay or suspension be given by Lochner to the Client. Upon receipt of said notice, if necessary, the time for performing shall be extended for a period of time reasonably necessary to overcome the effect of such delays and Lochner shall be reimbursed for the cost of such delays.

#### 13. Client's Responsibilities.

- a. Arrange for access to and make all provisions for Lochner to enter upon public and private property as required for it to perform his/her services.
- b. Assist in approvals and permits from all governmental entities having jurisdiction over the project and such approvals and consents from others as may be necessary for completion of the project.
- c. Designate in writing a person to act as Client representative with respect to the services to be rendered under this Agreement. Such person shall have complete authority to transmit instructions, receive information, and interpret and define Sponsor policies and decisions.
- d. Give prompt written notice to Lochner whenever Client observes or knows of any development that affects the scope or timing of Lochner's services.
- e. Pay publishing cost for advertisements of notices, public hearings, request for bids, and other similar items. The Sponsor shall pay for all permits and licenses that may be required by local, state or federal authorities; and shall secure the necessary land, easements and rights-of-way required for the project.
- f. Available information relating to environmental conditions at the property, including any permits, clearances, investigations, and remediation required for federal, state, and local agencies identified by environmental consultants for the Sponsor in currently available reports.

#### 14. Mandatory Federal Contract Provisions N/A

## **Attachments**

Attachment A – Scope of Work/Basic Services, Project Schedule, and Agreement Price and Schedule of Values

### ARTICLE I SCOPE OF WORK/SERVICES

WHEREAS, the Client has agreed to employ the Consultant to provide planning and environmental services required for performing an Environmental Assessment to determine potential environmental impacts that are anticipated to take place within the proposed west airfield development sites depicted in Exhibit A. Based on coordination with federal and state resource agencies, the potential exists for a minimum Phase I cultural resource survey, ecological wetland and waterway identification and delineation, and an Environmental Assessment NEPA document to be completed as part of this Project. These associated elements will be completed only if requested by federal and/or state resource agencies, or the Client.

All services will be performed in accordance with good professional practice and applicable published criteria of the FAA including:

FAA Order 1050.1G "National Environmental Policy Act Implementing Procedures"

FAA Order 5050.4B "National Environmental Policy Act (NEPA) Implementing Instructions for Airport

Actions" as applicable

The following is a detailed description of the specific environmental services that are a duty of this Agreement.

#### **ENVIRONMENTAL SERVICES**

#### 1. PRELIMINARY SERVICES

- A. Coordination with the Client, FAA, and Stage Agencies regarding Project scope, schedule, and budget.
- B. Prepare and transmit agreement for environmental services.
- C. Prepare Subagreements, scopes, and exhibits.

The Consultant will provide all services and NEPA documentation that will conform to the requirements of FAA Central Region guidelines.

#### 2. ENVIRONMENTAL SERVICES – REQUIRED ELEMENTS

#### A. RESOURCE AGENCY COORDINATION

- 1. Coordinate with federal, state and local resource agencies to document potential environmental impacts associated with the proposed improvement project.
- 2. Coordinate with federal, state and local resource agencies to determine permitting requirements associated with the proposed improvement project.

#### B. PROPOSED ACTION, PURPOSE, AND NEED FOR THE PROJECT

1. Utilize relevant scoping information supporting the need for the project, including specific justification and/or demand forecast of operational activity.

- 2. Clearly identify the project background and location, requested federal action, and proposed time frame for the project.
- 3. Provide the draft Purpose and Need to FAA for review and concurrence prior to proceeding with agency coordination.
- 4. Identify the Proposed Action and reasonable alternatives including the No Action alternatives that meets the Purpose and Need.
- 5. Evaluate the closure and ultimate use of the existing airport including any demolition of facilities and/ or pavements if known. Evaluation to include any buildings or facilities to be demolished for National Register for Historical Places (NRHP) eligibility. Evaluation will include individual eligibility and possible eligibility as a historic district which may include the airport.

#### C. AFFECTED ENVIRONMENT

- 1. Coordinate a review of the Proposed Action with the appropriate local, state and federal resource agencies and provide those agencies with the pertinent materials for review including a location map, vicinity map, proposed airport layout drawing, and other data as necessary.
- 2. Based on the Proposed Action, perform a site visit and document existing land uses, including noise-sensitive areas such as residences, schools, churches and hospitals; public parks; wildlife and waterfowl refuges; wetlands and other surface waters; floodplains; farmlands; recreation areas; historic properties; archaeological sites; hazardous materials; and demographic data.
- 3. Provide a Microsoft Word copy of the early coordination letter with attachments to the SAA and FAA for review/concurrence and to be used for FAA coordination with federally recognized tribes.

#### D. AFFECTED ENVIRONMENT AND ENVIRONMENTAL CONSEQUENCES

- 1. Analyze and document the potential impacts of the Proposed Action, including consultation with the appropriate agencies and tribes, for the following specific impact categories. Only affected impact categories will be discussed and evaluated as part of the EA. All others will be dismissed.
  - a. Noise Conduct a noise and grid point analysis of the future conditions based on updated demand forecasts and the Proposed Action using the latest version of Aviation Environmental Design Tool per FAA Order 1050.1G.
  - b. Compatible Land Use Address compatibility of existing and planned land uses in the vicinity of the Proposed Action, including documentation that appropriate zoning has or will be adopted. Include a copy of the Client Land Use Compatibility Assurance Letter in the Appendix.
  - c. Social Impacts Assess the potential of the Proposed Action to cause relocations, community disruption, and alteration of surface transportation patterns (e.g., relocations of homes, businesses, roads, etc.).
  - d. Induced Socioeconomic Impacts Discuss secondary or induced impacts, such as population increases, public service demands, Tax Base, and changes in business and economic activity, on surrounding communities.
  - e. Air Quality Determine if the project is located in an air quality nonattainment area specified in FAA Order 1050.1G. Measures to be utilized to minimize adverse air quality effects will be documented. The FAA Air Quality Handbook Version 4 (as amended) will be used as a guide.
  - f. Water Quality Assess the potential for any water quality impacts, including potential contamination of groundwater aquifers or surface waters and document measures to be incorporated to minimize adverse water quality effects. Contact the Kansas Department of Health and Environmental (KDHE)

and other applicable agencies as necessary. Include Spill Prevention and Control Plan on any fuel storage facility larger than 20,000 gallons. Disturbance of land equal to or greater than one acre will require a National Pollutant Discharge Elimination System (NPDES) permit. Requirements for fuel storage tanks will be addressed and all required permits will be identified.

- g. DOT ACT Section 303(c) and Section 6(f) Contact the appropriate federal (Department of the Interior), state, and local agencies to determine if any Section 303(c) or Section 6(f)lands (public parks, recreation areas, wildlife or waterfowl refuges, or historic sites) will be affected by the Proposed Action.
- h. Historic, Architectural, Archaeological, and Cultural Resources The Consultant will determine the Area of Potential Effect (APE) for historical, architectural, archaeological, and cultural resources in coordination with the FAA Environmental Specialist, which will include the area of proposed ground disturbance and structures that may be directly or indirectly affected. Elevation will also include the eligibility of possible historic district. This scope includes an architectural historian performing a survey of structures within the APE that may be affected. For areas that will be disturbed and have not previously been, an Archaeological Survey will be required. The archaeological survey will be prepared by a subconsultant for areas disturbed by the proposed development and associated infrastructure in accordance with Kansas SHPO requirements.

If these surveys indicate that affected resources may be eligible for the National Register of Historic Places, the scope will need to be amended to prepare Determinations of Eligibility (DOE) for submittal to the State Historic Preservation Office (SHPO). If either the archaeological survey or DOE identify eligible properties that would be affected, then the scope would need to be further amended to complete the Section 106 process, which may involve consultation with SHPO, Tribes, and other interest parties to develop a Memorandum of Agreement involving mitigation. Until the APE is finalized, and necessary surveys are completed, these are unknown.

(See Attachment A.1 for Additional Information)

This effort will culminate in the consultant submitting a Section 106 report to the FAA for its coordination with the SHPO and Tribes. Specific tasks to be completed by the consultant include:

- Conduct literature search for the proposed APE
- Assist with the preparation of the APE map and tribal notification letters, in consultation with FAA.
- Prepare archaeological survey report and historic structures survey report
- i. Biotic Communities Assess the potential effects of the Proposed Action on biotic communities. The Consultant will consult the U.S. Fish and Wildlife Service (USFWS) utilizing their information for Planning and Consultation (IPaC) system and the Kansas Department of Wildlife and Parks (KDWP). If requested and/or directed by these resource agencies, a biological assessment will be completed as part of this EA.
- j. Endangered and Threatened Species Assess the potential effects of construction and operation of the Proposed Action on endangered and threatened species. As with biotic communities, the Consultant will consult with the USFWS and KDWP. Similarly, if requested and/or directed by these resource agencies, a biological assessment will be completed as part of this EA.
- k. Wetlands Assess the potential effect of construction of the Proposed Action on wetlands and/or Jurisdictional Waters of the United States. The Consultant will consult with the United States Army Corps of Engineers (USACE) and propose mitigation measures as required.
- 1. Floodplains Consult with the Federal Emergency Management Agency (FEMA), as well as floodplain administrators, as necessary, to determine whether the Proposed Action will significantly impact any 100-year floodplain in the vicinity of the airport.

A-3

- m.Prime and Unique Farmland Consult with the U.S. Department of Agriculture, National Resource Conservation Service (NRCS), to determine if the Proposed Action will have any impact on prime or unique farmland. The Consultant will also submit a Form AD-1006 to the NRCS for evaluation, if necessary.
- n. Energy Supply and Natural Resources Discuss any proposed major changes in stationary facilities which would have a measurable effect on local energy supplies and whether those demands can be met by existing or planned sources. Determine whether any increased consumption of fuel by aircraft or ground vehicles would occur that would produce shortages in supplies.
- o. Light Emissions Assess the potential effects of light emissions and visual impact resulting from airport lighting systems associated with the Proposed Action.
- p. Solid Waste Assess the potential impacts of the Proposed Action on generation of solid waste and available disposal capacity. Discuss the location of area solid waste disposal facilities in accordance with applicable FAA Orders relating to guidance concerning sanitary landfills on or near airports. Discuss the location of area solid waste disposal facilities in accordance with FAA Order 5200.5A, "FAA Guidance Concerning Sanitary Landfills On or Near Airports." Consult with local officials. Address the potential for bird strikes.
- q. Hazardous Waste Discuss pollution prevention and if hazardous wastes are to be generated by the Proposed Action. If so, include a discussion of the means of compliance with applicable regulations including impacts to known or past hazardous contamination on airport including PFAS. Describe the measures to be taken in the event of a release of a hazardous substance. Determine if any "Superfund" sites are in the project area and discuss the impacts of the project on the site, if applicable.
- r. Environmental Consequences (Other Considerations) Discuss all direct, indirect and reasonably foreseeable effects will be evaluated within a resource category including consistency of the project with state-wide, regional and/or local transportation plans.

Document any planned activities associated with the Proposed Action that could produce significant cumulative impacts.

#### E. PUBLIC MEETINGS

1. Coordinate a public scoping document to define the scope of the project and solicit public comment.

#### F. TRIBAL CULTURAL SURVEY

- 1. Upon the request of any federally recognized Tribe, after notification of the Proposed Action, the Consultant will conduct a Phase II cultural resource survey in an area within the Project Area recognized by a Tribe as historically, prehistorical, archeological, or culturally significant.
- 2. The Consultant will conduct 1) a field investigation; 2) evaluation of pertinent literature and records from which the field survey techniques and site designation criteria are developed; 3) an on-site survey of the project area; 4) an attempt to recover sufficient data for site designation and evaluation5) notation of locational information regarding site provenience and physiographic setting; 6) post-field activities involving data analysis; and 7) report preparation and deliverables submittal.
- 3. The size and level of effort will be determined in the event a request is made and the fee will be added by supplement to this Agreement.

#### 3. DOCUMENTS & DELIVERABLES

#### A. FINAL DRAFT REPORT

1. Comments received regarding working papers from the Client and FAA will be incorporated in a final draft report. An additional 30-day public comment period will occur and any public comment will be incorporated into the final draft report. Following review and comment and receipt of written comments on the final draft narrative report from the Sponsor will be submitted to SAA/FAA for review.

#### B. DELIVERABLE PRODUCT

1. Following review and acceptance of the final draft report by the Client and FAA, the Consultant will prepare final deliverable reports within one month of receipt of Client and FAA acceptance and approval.

### ARTICLE II TIME SCHEDULE

The Consultant agrees to proceed with the services immediately upon receipt of a written Notice to Proceed (NTP) by the Client, and to employ such personnel as required to complete the Scope of Services in accordance with the following time schedule:

#### SCHEDULED PERFORMANCE IN CALENDAR DAYS

#### **ENVIRONMENTAL SERVICES**

| 1. | Preliminary Services                     | As Required                            |
|----|--|--|
| 2. | Environmental Services Required Elements | As Required                            |
| 3. | Documents and Deliverables               | 180 Calendar Days After Receipt of NTP |

The schedule presented above does not include review time by the Client, FAA or other interested agencies.

# ARTICLE III COMPENSATION

The Client agrees to compensate the Consultant for performing environmental services as described herein on the following basis:

#### **COMPENSATION SCHEDULE**

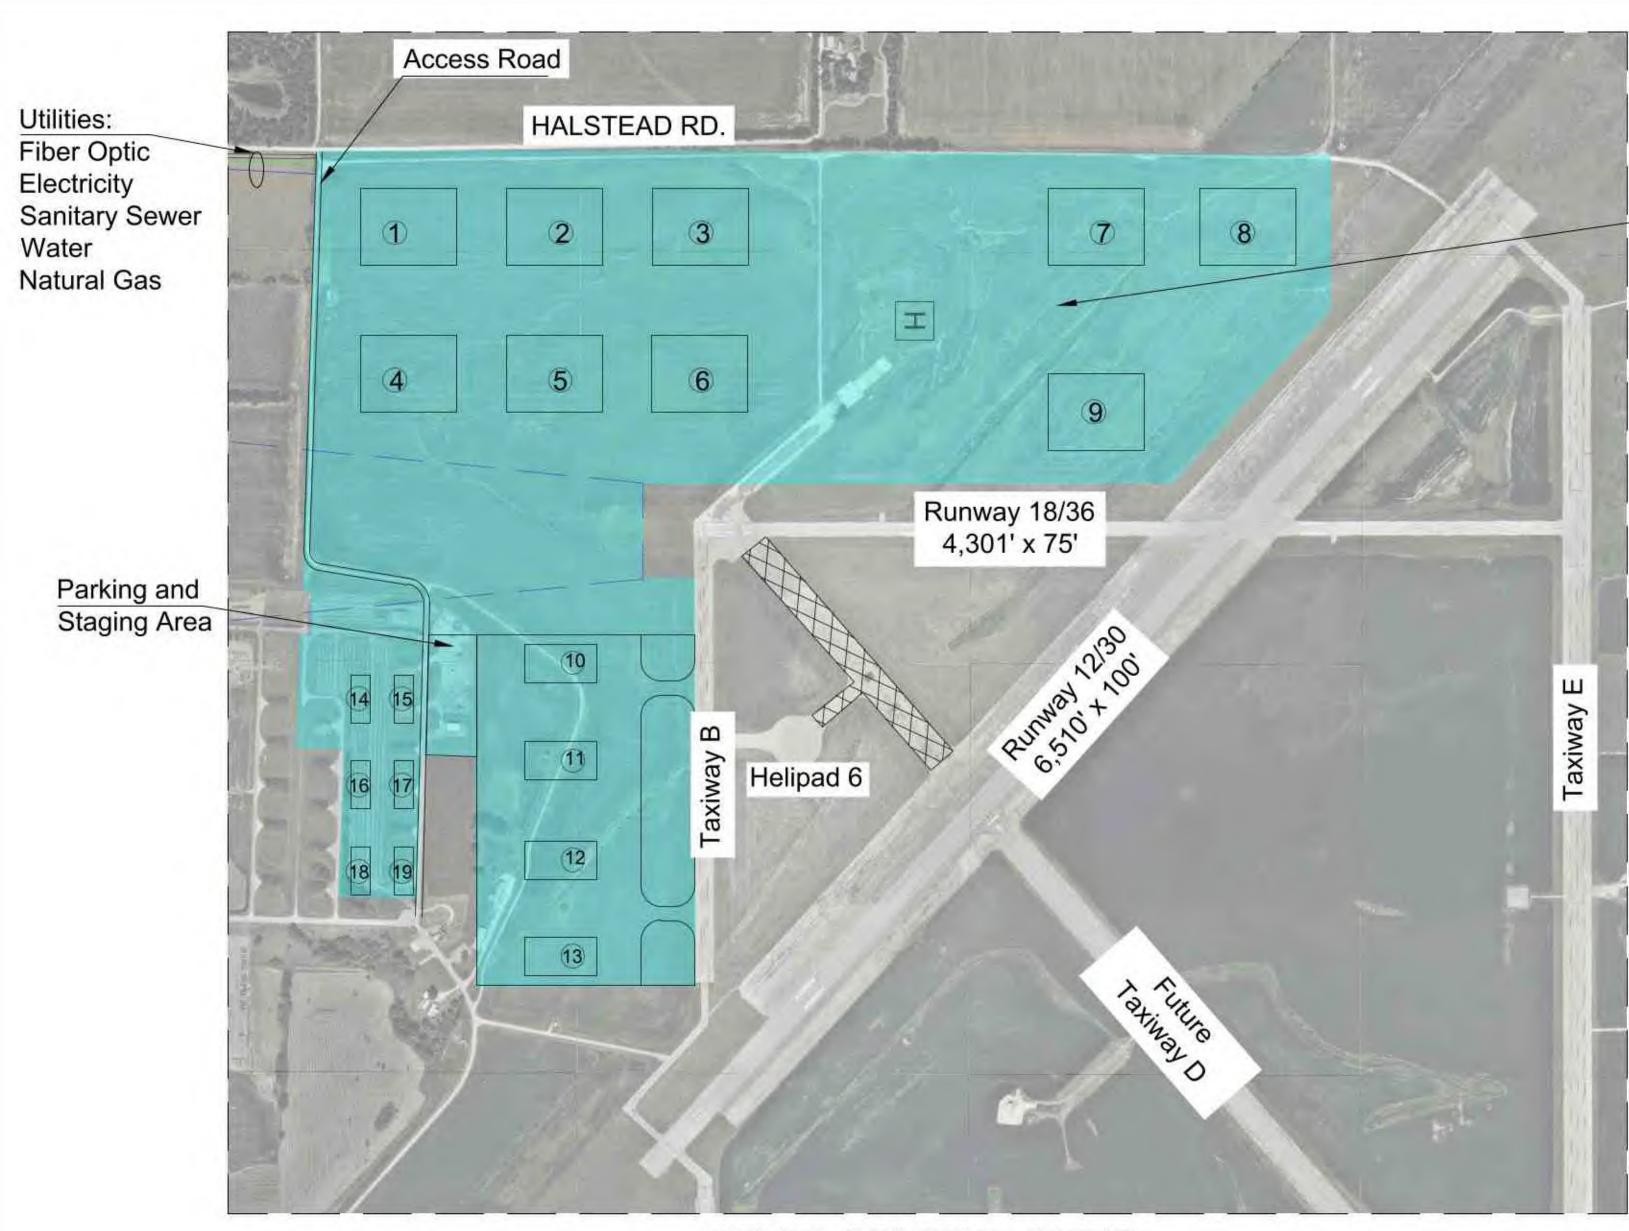

#### A. ENVIRONMENTAL SERVICES

3. \*Environmental Services ...... Lump Sum

<sup>\*</sup>Additional Services may be added by supplement in the event the FAA requires additional elements upon their review.

<sup>\*\*</sup>The cost of a Phase I Cultural Resources Survey is subject to change based on the amount of acres required to be tested. This estimate is based on 300 acres of shovel tests.

Subject: Cost and Scope for Phase II Intensive Archaeological Survey and Intensive Architectural

History Survey for the Salina Airport Development Project

Dear Mrs. Murray,

Merjent, Inc. (Merjent) is pleased to present this proposal to provide Phase II intensive archaeological survey and intensive architectural history survey to assist with project planning. Due to the FAA's involvement these surveys will be required to satisfy the requirements of Section 106 of the National Historic Preservation Act (NHPA) (54 U. S. C. § 306108) and National Environmental Policy Act (NEPA) as applicable. Additionally, the surveys will comply with the State Historical Preservation Office (SHPO) of Kansas. This proposal is based on information you provided via email dated July 29, 2025. It is our understanding that the total acreage of the Project is no more than 300 acres.

#### PROJECT UNDERSTANDING

Based on the above sources, Merjent understands that 300 acres of land consisting mostly of agricultural fields west of the Salina Airport in Salina, Kansas. This Proposal addresses the scope of work by describing our technical approach to providing cultural resources investigations required for successful permitting and consultation at the state, and federal levels as appropriate, including Section 106 compliance (NHPA). Merjent recommends the direct area of potential effects (APE) for the Project be the 300 acres of proposed development. This will include all areas of potential ground disturbance. For the indirect APE, Merjent recommends a review of all potentially historic structures and previously recorded architectural history sites within a quarter mile radius of the direct APE.

#### **PROJECT TEAM**

Merjent's proposed Project team has experience providing environmental support services for large scale projects including highways and transmission lines, along with experience with energy projects subject to Federal Agency oversight. The Merjent team for this Project will consist of an overall Project Manager, an archaeologist, and architectural historian. Merjent's small but experienced team was specifically selected to be as flexible and responsive as possible during all phases of the Project. A brief profile of the key staff members proposed to manage and complete the Project is provided below, including their proposed Project role and relevant experience.

#### Eli Orrvar – Project Manager and Co-Principal Investigator Indianapolis, IN

Eli Orrvar is an archaeologist with 8 years of experience in cultural resource management, focusing on the archaeology of the Midwest. His expertise includes leading field efforts that include Phase I survey and Phase II/III investigations. In addition, Mr. Orrvar has some experience in GIS, Monitoring, and Geophysical survey. Mr. Orrvar has worked on Oil and Gas, Solar, Wind, and Government projects in Indiana, Ohio, Illinois, North Dakota, South Dakota, Missouri, Michigan, Arkansas, Mississippi, Louisiana, Texas, North Carolina, West Virginia, Virginia, Pennsylvania, Tennessee, Kentucky, Iowa, Wisconsin, Minnesota, Kansas, and Oklahoma. In 2024 Mr. Orrvar led a large archaeological survey at the Kansas City Airport which has a similar scope to this project.

### Paige Englert - Co-Principal Investigator Topeka, KS

Ms. Paige Englert has an M.A. in Anthropology with a focus on Geoarchaeology from the University of Kansas. In addition to her university-related experience in the Great Plains, Ms. Englert has focused most of her work in the Midwest and the Great Basin. As well as geoarchaeology, she has experience in archaeological research, pedestrian survey, excavation of precontact and post-contact sites, and report writing. She resides in northeast Kansas and worked with Merjent as an archaeologist for three years prior to gaining a permanent position as a Staff Archaeologist. Ms. Englert meets the Secretary of the Interior's Professional Qualification Standards for Archaeology as published in 36 CFR Section 61. Ms. Englert meets the Secretary of the Interior's Professional Qualification Standards for Archaeology as published in 36 CFR Section 61.

#### Nicholas Powell - Architectural Historian Denver, CO

Mr. Nicholas Powell is proposed as the architectural historian and Principal Investigator for this undertaking. Mr. Powell has a B.S. in Historical Preservation from Southeast Missouri State University, Cape Girardeau, with seven years of experience conducting architectural history surveys, viewshed assessments, and evaluations in the west and Midwest and meets the Secretary of Interior's standards for Architectural Historian. Mr. Powell came to Merjent from another consulting firm, where he was responsible for all aspects of architectural history studies. Mr. Powell meets the Secretary of the Interior's Professional Qualification Standards for Architectural Historian as published in 36 CFR Section 61.

#### PROJECT APPROACH AND SCOPE OF WORK

#### Task – Phase II Intensive Archaeological Survey

Merjent will conduct a Phase II intensive Survey for archaeology and an intensive survey for architectural history. Merjent will then produce two separate reports, one for archaeology and one for architectural history. The scope for this Project is described below and the estimated cost to prepare the deliverables are included in the overall costs provided in the Cost Estimate section of this proposal.

#### Files/Literature Review

Merjent will conduct a literature review for those previously recorded archaeological and above-ground resources, and previously conducted survey that are contained within the Project area. To fulfill the requirements of a SHPO literature review, Merjent may review archival resources including, but not limited to, General Land Office (GLO) maps, county atlases, historical maps, and historical aerial imagery as required by each SHPO.

Phase II Intensive Archaeological Survey

Merjent will conduct a Phase II intensive archaeological survey of the direct APE described above. Survey methods will adhere to Kansas SHPO's Guide to Archeological Survey, Assessment, and Reports. All sites discovered will be fully delineated and an attempt to evaluate the site for eligibility on the National Register of Historic Places (NRHP) will be completed. However, if Phase III testing is required this will have to be completed as a change order.

#### Intensive Architectural History Survey

Merjent will conduct an intensive architectural history survey of the indirect APE described above. Survey methods will adhere to "Guidelines for Local Surveys: A Basis for Preservation Planning" outlined in National Park Service Bulletin 24 and NRHP Criteria for Evaluation (36 CFR 60.4) state (National Park Service [NPS] 1995).

#### **Assumptions:**

- Client will provide accurate shape files of the project area prior to fieldwork.
- Ten-hour workdays are budgeted in this proposal. If longer work hours are required to complete tasks in progress, additional labor and related costs will be applied.
- GSA rates for mileage, lodging, and per diem are included in the cost
- Any delays that require additional hours on the part of Merjent Personnel will be subject to Federal
  wage guidelines (specifically time and a half for hours in excess of 40 hours). Mark-up rates will
  conform to multipliers used for baseline calculations.
- Shapefiles will be obtained from Kansas SHPO, no digitization will be required.
- Architectural history survey and archaeological survey will be completed in one mobilization.
- Client will conduct all landowner contact and acquire land access permission.
- There are no arrangements for returning to an area due to unforeseen circumstances such as
  physical conditions, inclement weather conditions, or client-related delays and client-imposed
  conditions in the current cost estimate. Any additional remobilizations will need to be renegotiated.
- No human remains will be encountered
- No deep testing will be required
- No permits will be required
- No Phase III evaluative testing will be required
- No more than 300 acres will be required to be investigated for archaeology, no more than the proposed 0.25 mile buffer will be required for architectural history investigations
- Kansas SHPO Guidelines will be followed for reporting.
- Surveys will be completed after harvest with adequate ground surface visibility for pedestrian survey.
- No more than 300 shovel tests will be conducted.
- No more than two new sites will be identified.

#### **Task – Project Management**

Merjent's regular progress reports will be provided to Lochner at rate to be determined and will include status and schedule updates for Project tasks.

#### **SCHEDULE**

We understand that the Project is based upon construction schedule. To facilitate that schedule, Merjent will begin work on the Project upon receiving a notice to proceed, and survey will begin after harvest.

Lochner will provide one round of consolidated edits for deliverables prior to submission of the final report to FAA.

#### **COST ESTIMATE**

Merjent's estimated costs for the required task in the scope of work described above. Merjent proposes to perform the scope of work described herein on a time and materials basis, not to exceed the total proposed cost without prior approval from Lochner. Merjent will provide all invoices electronically and will include the Lochner project name and number on each invoice.

| Task 1: Literature Review and reports | \$68,000 |
|---------------------------------------|----------|
|                                       |          |

#### **CLOSING**

Merjent appreciates the opportunity to provide this proposal and assist Lochner on this Project. Please do not hesitate to contact me if you have any questions regarding the proposed approach or wish to discuss any scope of work tasks or budget. I look forward to hearing from you.

Sincerely,

Eli Orrvar, M. A. Indianapolis, Indiana 317.280.3273 direct 317.534.9073 mobile

# CONSENT TO ASSIGNMENT AND ASSUMPTION OF LEASE AND FIRST LEASE AMENDMENT

THIS CONSENT TO ASSIGNMENT AND ASSUMPTION OF LEASE AND FIRST LEASE AMENDMENT is made this \_\_\_ day of \_\_\_\_\_, 2025, by the Salina Airport Authority (the "Authority").

WHEREAS, the Lease Agreement between the Authority and Salina Auto Auction, Inc., dated August 18, 2011 ("The Lease"), originally covered certain real estate located in Saline County, Kansas, more particularly described as Lots 6, 7, and 8, Block 1, Schilling Subdivision No. 5 to the City of Salina, Saline County, Kansas, including Building No. 496 (a/k/a 2845 Centennial Rd.), as further described in the Lease; and

WHEREAS, the parties acknowledge that, effective November 1, 2020, Lot 8 was removed from the leasehold premises, and the leased premises now consist solely of Lots 6 and 7, Block 1, Schilling Subdivision No. 5 to the City of Salina, Saline County, Kansas, including Building No. 496 (a/k/a 2845 Centennial Rd.) as of the date of this Consent.

**NOW, THEREFORE,** in consideration of the mutual covenants hereinafter set forth, the parties agree as follows:

- 1. <u>Consent by Authority.</u> The Salina Airport Authority hereby consents to the assignment of the Lease by Salina Auto Auction, Inc. to SAA, LLC; including the assumption of liabilities and responsibilities of the Lessee thereunder by SAA, LLC. Further, this Consent is conditioned upon and subject to the agreement by SAA, LLC, to the following terms and conditions, which, in part, amend the terms and conditions of the Lease Agreement.
- 2. <u>Acceptance and Consent by SAA, LLC</u>. SAA, LLC, agrees to fully comply with and accept responsibility for performance of any and all terms and conditions of the Lease as amended by this First Lease Amendment and further agrees it shall not further sell, assign, transfer, or lease the Premises without the prior written consent of the Salina Airport Authority.
  - 3. Lease Amendment. The Lease is amended as follows:
  - a. Property Description.

Section 1.1 of the Lease is amended to provide as follows:

1.1 <u>Legal Description of Leased Tract.</u>

Lots 6 and 7, Block 1, Schilling Subdivision No. 5 to the City of Salina, Saline County, Kansas, including Building No. 496 (a/k/a 2845 Centennial Rd.) as further depicted on the attached "Exhibit A" (the "Premises").

#### b. Renewal Term Modification.

Section 19 of the Lease is amended to provide as follows:

- 19. Option to Renew. Lessee, by providing sixty (60) days advance written notice, is hereby given the option to renew the Lease of the Premises for Five (5) additional terms of One (1) year each at the expiration of the primary term of this Lease, followed by Five (5) additional terms of Five (5) years each. The basic rental for option periods shall be as follows:
- 19.1. Basic rental for Option Period One (1) shall remain the same as the Basic Rental of the expiring lease period. Beginning with Option Period 2 and biennially thereafter, the basic rental shall be determined by increasing the basic rental of the prior 24-month period by the same percentage as the percentage of increase in the U.S. Government Consumer Price Index (C.P.I.) over the same prior 24-month period. If the C.P.I. over the same prior 24-month period has not shown a net increase, the basic rental for the option period shall remain the same as the basic rental for the prior 24-month period. The C.P.I. shall be the statistical report prepared and published by the Bureau of Labor Statistics for the United States for all items for all urban consumers or such other index or report substituted therefore by the U.S. Government. The reference basis for the C.P.I. shall be 1967 equals 100 or the most current index base as established by the Bureau of Labor Statistics. The difference between such index nearest to the first day of the prior 24-month and the latest available index to the last day of the prior 24-month period divided by such index nearest to the first day of the prior 24-month period will determine either the percentage of increase in the basic rental or that the basic rental will remain the same as the prior 24month period, as provided above.

#### c. Environmental Concerns.

Section 5 of the Lease is amended to provide as follows:

- 5.1. Defined Terms. The following terms are defined in the Lease Agreement and shall mean:
  - 5.1.1. "Environmental Law" means any now-existing or hereafter enacted or promulgated federal, state, local, or other law, statute, ordinance, rule, regulation or court order pertaining to (i) environmental protection, regulation, contamination or clean-up, (ii) toxic waste, (iii) underground storage tanks, (iv) asbestos or asbestos-containing materials, or (v) the handling, treatment, storage, use or disposal of Hazardous Substances, including without limitation the Comprehensive Environmental Response, Compensation and Liability Act and The Resource Conservation Recovery Act, all as exist from time to time.
  - 5.1.2. "Hazardous Substances" means all (i) "hazardous substances" (as defined in 42 U.S.C. §9601(14)) (ii) "chemicals" subject to regulation under Title III of the Superfund Amendments and Reauthorization Act of 1986, as amended from time to time (iii) natural gas liquids, liquefied natural gas or synthetic gas, (iv) any petroleum, petroleum-based products or crude oil or any fraction, or (v) any other hazardous or toxic substances, wastes or materials, pollutants,

contaminants or any other substances or materials that are included under or regulated by any Environmental Law.

- 5.2. <u>Authority's Responsibility</u>. The Authority is party to a settlement reached with the United States of America to complete the cleanup of environmental contamination caused by the Department of Defense at the Salina Regional Airport and Airport Industrial Center, formerly the Schilling Air Force Base. The Authority shall be responsible for the cleanup and removal of any Hazardous Substances which are determined to have been present on the Premises prior to March 1, 1970. Authority agrees to indemnify and hold Lessee harmless from and against all claims, expenses, loss or liability arising from the presence of any such contamination which occurred prior to March 1, 1970.
  - 5.2.1. The Authority shall be responsible for any contamination caused by or during the performance of Authority's work as landlord, even if it occurs after March 1, 1970.
- 5.3. <u>Lessee Responsibility</u>. The Lessee shall be responsible for the cleanup and removal of any Hazardous Substances, petroleum products, and petroleum additives released on the Premises at any time Lessee occupies the Premises from and after March 1, 1970. Lessee agrees to indemnify and hold the Authority harmless from and against all claims, expenses, loss, or liability arising from any such contamination which occurs at any time Lessee occupies the Premises from and after March 1, 1970.
  - 5.3.1.Lessee agrees to comply with all storm water and waste collection requirements of any federal, state, or local governmental laws, rules and regulations.
  - 5.3.2.Lessee agrees that it will comply with all federal, state, and local regulations regarding the handling, storage, and dispensing of Hazardous Substances, including petroleum products, on the Premises.
  - 5.3.3.Lessee agrees that it will immediately notify the Authority in the event of any spills or leaks of Hazardous Substances, including any liquid hydrocarbon materials, on the Premises, and to clean up the affected area in accordance with Kansas Department of Health and Environment standards.
  - 5.3.4. Non-waiver. Any acknowledgement or undertaking of responsibility by either party to this Sublease in relation to the other party, as set forth above, shall not be regarded as a release or waiver of any right by the responsible party to seek recovery against or contribution from any person or entity not a party to this Sublease.
- 4. SAA, LLC, agrees that as a condition of an in partial consideration for the Authority's consent to the assignment of the lease agreement, it shall be responsible for the obligations of the Lessee under amended Section 5 "Environmental Concerns" of the Lease, retroactively to March 1, 1970...

#### **ASSIGNMENT AND ASSUMPTION OF LEASE**

| T        | THIS ASSIGNMENT AND ASSUMPTION OF LEASE, is made and entered into this              |
|----------|---|
| day of _ | , 2025, by and between Salina Auto Auction, Inc., a Kansas corporation ("Assignor") |
| and SAA  | LLC, a Kansas limited liability company ("Assignee").                               |

#### WITNESSETH:

WHEREAS, Assignor has heretofore entered into a certain Lease Agreement, dated August 18, 2011, with the Salina Airport Authority, therein referred to as the "Authority," covering certain real estate located in Saline County, Kansas, more particularly described As Lots 6, and 7, Block 1, Schilling Subdivision No. 5 to the City of Salina, Saline County, Kansas (4.62 acres, more or less) including Building No. 496 (a/k/a 2845 Centennial Rd.), as further described in the Lease ("Lease"); the terms and provisions of which are incorporated herein and by reference made a part hereof<sup>1</sup>; and

WHEREAS, pursuant to Paragraph 15 of the Lease, the Lessee, Assignor, "shall not assign the Lease or any interest therein and shall not sublet the Premises or any part thereof, or allow any person to occupy or use the Premises or any portion thereof, without prior written consent of the Authority"; and

WHEREAS, subject to the acceptance, approval, and agreement of Assignee to the terms and conditions of the Consent of the Authority set forth in a separate instrument, the parties have entered this Assignment and Assumption of Lease to set forth their respective covenants and agreements:

**NOW, THEREFORE,** in consideration of the above and foregoing and the mutual covenants hereinafter set forth, the parties agree as follows:

- 1. <u>ASSIGNMENT:</u> Assignor hereby sells and assigns to Assignee all of Assignor's right, title, and interest in and to that certain Lease, dated August 18, 2011, described and referred to in the preambles hereof, effective from and after the date of this Assignment and Assumption of Lease.
- 2. **ASSUMPTION OF LEASE:** Assignee hereby assumes and accepts responsibility for payment of the rent and to faithfully perform all the covenants, stipulations, and agreements contained in the Lease described above to be complied with by Assignor, subject to the modifications to the terms and provisions of the Consent of the Authority hereinafter set forth. Assignee acknowledges and agrees that its assumption hereunder includes, but is not limited to, the requirement that it not further assign, transfer, or sublet, all or any portion of the premises under the Lease without the prior written consent of the Authority.
- 3. **RELEASE OF LESSEE:** The assignment of the above-described Lease by Assignor to Assignee releases and absolves Assignor from the responsibility or obligation for compliance with the terms and conditions of above-described Lease.

<sup>&</sup>lt;sup>1</sup> As a condition of the Consent of the Authority set forth at the end of this Assignment and Assumption of Lease, some of the terms and provisions of the Lease are changed and modified.

- 4. **REPRESENTATIONS. WARRANTIES. AND ESTOPPELS:** Assignor represents and warrants to Assignee that the above-described Lease is in full force and effect and that it is not in default in the performance of any of the terms, covenants, and conditions required thereunder; nor is it or the Authority in default in the performance of any of the terms, covenants, and conditions required to be complied with by such party; nor has it or the Authority committed any breach which could result in termination of the above-described Lease. Assignor represents, warrants, and acknowledges that it has paid all rent due under the above-described Lease through August 31, 2025.
- 5. **BINDING EFFECT:** The provisions of this Assignment and Assumption of Lease shall be binding upon and inure to the benefit of the parties hereto and their respective personal representatives, successors, and assigns.
- 6. **APPLICABLE LAW:** This Assignment and Assumption of Lease shall be governed by and construed in accordance with the laws of the State of Kansas.

WITNESS WHEREOF, the parties hereto have hereunto set their hands the day and year first above written.

DATE: August 15, 2025 TO: Pieter Miller

FROM: Maynard Cunningham

**SUBJECT:** August 20, 2025, SAA Regular Board Meeting

#### **Facilities and Construction Notes**

#### **Current Projects**

- Airport Industrial Center No. 3 Subdivision (Project 80) A punch list walkthrough of the project site was completed last week with personnel from Ebert and its subcontractors, Salina Airport Authority, City of Salina, and Wilson & Co. Punchlist items will be reviewed and completed. SAA is planning to submit final documentation to the City in September for review and inspection prior to them issuing a certificate of completion, expected in October, 2025.
- Hangar 959(1Vision Aviation) MRO Tail Enclosure Ghafari and Rubb Building Systems continue to work on final design of the tail enclosure prior to manufacturing. The geotech survey and soil borings were drilled last week on the south side of Hangar 959. A fire suppression engineer has been contacted to provide a system design to protect the tail enclosure space. The tail enclosure will allow widebody aircraft to be in an enclosed area for MRO work at Hangar 959.
- M.J. Kennedy Air Terminal Building Renovation & Expansion AIP 55 (Construction) –

Icon Structures and its subcontractors have completed structural steel and roof joists installation in the TSA expansion area. They are working on tying the new roof and existing roof together and will begin roof decking installation soon. Fire sprinkler pipe installation is nearing completion in the existing building and will move into the TSA expansion area next.

• M.J. Kennedy Air Terminal Parking Lot Rehabilitation & Expansion AIP 54 (Design) – Recommendation for award of the contract regarding the bid from Screed Tech has been approved by the FAA, and notice of award has been provided to the contractor. Screed Tech is working to provide all the contract required documentation. The grant application for construction was submitted to the FAA in June. A schedule will be identified with Screed Tech when SAA is notified by the FAA the grant is received. Construction is anticipated to begin in Spring 2026.

#### **Special Projects**

• **Directed Groundwater Recirculation System (DGRS)** – Comments were received from KDHE on the 30% plans submitted for the DGRS. Dragun, City of Salina, and KDHE personnel participated in a site walk through June 30, 2025, to familiarize new KDHE personnel with the project. A public meeting is planned in September 2025.

#### **Completed Projects**

• Runway 12/30 (AIP 52 & 53) – Rehabilitation of Runway 12/30 will be reopened during the week of August 18<sup>th</sup>. The project included asphalt mill and overlay, edge lighting, lighted guidance signs, and removal of portions of excess pavement. The paint striping subcontractor will return in approximately 30 days to apply the final coat of paint with reflective beads.

**DATE:** August 11, 2025

SALINA Airport

Authority

**TO:** Pieter Miller, Executive Director

**FROM:** Kasey L. Windhorst

**SUBJECT:** August Board Meeting Update

#### **Letter of Agreement (LOA)**

Salina Airport Authority (SAA) staff has completed updates to seven Letters of Agreement (LOAs) with the Salina FAA Contract Tower (SLN FCT) and, in one case, FAA Technical Operations (Tech Ops). These updates align procedures with current FAA requirements, operational practices, and safety protocols. All agreements are effective August 8, 2025, and replace prior versions. Below is a summary of all updated LOAs.

#### 1. Procedures for Opening and Closing Runways

**Key Updates:** 

- Confirms SAA's sole authority for opening/closing runways.
- Details NOTAM issuance, runway closure safety plans, lighted "X" placement, lighting disablement, and NAVAID shutdown coordination.

#### 2. Requirements for Operating in Runway Safety Areas (RSA)

**Key Updates:** 

- Establishes clear access, training, and supervision requirements for personnel in RSAs.
- Stipulates operational restrictions during air carrier/aircraft movements.

#### 3. Emergency Services / Aircraft Response Procedures

**Key Updates:** 

- Defines "Airport Command," "Incident Command," and ARFF roles.
- Updates alert level criteria, including ordnance handling protocols.

#### 4. Airport Movement / Non-Movement Areas

**Key Updates:** 

- Requires completion of SAA AOA Driving Course prior to movement area access.
- Reinforces SLN FCT control of movement area traffic and read-back requirements.

#### 5. Reporting Airport Conditions

**Key Updates:** 

- Clarifies braking action reporting and runway condition monitoring procedures.
- Details use of VERICOM friction meters to verify or adjust surface condition codes.

#### 6. Prior Permission Required (PPR) Procedures

**Key Updates:** 

- Confirms SAA as sole issuer of PPR numbers for military/commercial flights.
- Requires SLN FCT to direct inquiries to SAA administrative offices.

### 7. US NOTAM System and Notification Procedures

**Key Updates:** 

- Standardizes procedures for issuing and cancelling Surface Area NOTAMs via NOTAM Manager.
- Includes contingency procedures for USNS outages.

These updated LOAs improve clarity, reflect current operational practices, and enhance safety coordination between SAA and SLN FCT.

#### **Website Redevelopment Update**

The Salina Airport Authority is continuing work on the redevelopment of our official website to improve user experience, accessibility, and mobile responsiveness. The updated site will feature streamlined navigation, modern design elements, and enhanced functionality for tenants, visitors, and community stakeholders.

#### **Project Status**

- **Design & Layout:** Final design concepts have been approved, incorporating the new branding and ADA-compliant formatting.
- **Content Review:** Department pages are being reviewed and updated to ensure accuracy and relevance.
- **Functionality Improvements:** Online forms are being integrated to improve service delivery.
- **Vendor Coordination:** Development team is on track with the build phase and is currently implementing back-end security and content management enhancements.

#### **Upcoming Meetings**

- **System Configuration Review** *Monday, August 25, 2025* Coordination with CivicPlus to finalize technical settings and administrative access for the new platform.
- Website Reveal Meeting Wednesday, August 27, 2025 A preview session with the CivicPlus development team to review the full site design, navigation, and functionality before final approval.

#### **Next Steps**

- Finalize and migrate all updated content to the new site.
- Conduct mobile optimization, performance testing, and ADA compliance verification.
- Prepare for public launch, targeted for Fall 2025.

#### **Employee Training**

Salina Airport Authority staff will participate in the Wildlife Hazard Management Training session conducted by Loomacres Wildlife Management on Wednesday, August 13, 2025, at Salina ARFF

Station. This training is part of our ongoing commitment to comply with FAA wildlife hazard management requirements and to ensure the safety of aircraft operations at SLN.

This annual training meets FAA Part 139 requirements for personnel involved in wildlife hazard management. Topics will include:

- Identification of hazardous wildlife species and behaviors
- Techniques for wildlife dispersal and habitat modification
- FAA reporting requirements for wildlife strikes and activity
- Safety protocols for operations in wildlife-prone areas

Effective wildlife hazard management is critical to reducing the risk of aircraft-wildlife strikes and maintaining safe, efficient operations. This training ensures that all personnel involved in airfield operations remain current on best practices and regulatory requirements.

#### **Upcoming Events**

#### Fly Kansas Air Tour

Salina Regional Airport will serve as a host stop for the Fly Kansas Air Tour on Friday, September 26, 2025. The tour, organized by the Kansas Commission on Aerospace Education and the Kansas Association of Airports, brings together a variety of general aviation aircraft to promote aviation awareness and education across the state.

#### **Event Details**

- Date: Friday, September 26, 2025
- Location: Salina Regional Airport Hangar 600 Ramp Area
- Participants: General aviation pilots and aircraft from across Kansas
- Audience: Local schools, aviation enthusiasts, and community members are encouraged to attend

The Fly Kansas Air Tour highlights the economic and educational value of general aviation in Kansas. It provides an opportunity for community members—especially students—to engage with pilots, view a variety of aircraft, and learn more about aviation careers.

#### **Planned Activities at SLN**

- Aircraft arrivals and static display
- Pilot and crew interaction with attendees
- Educational outreach for students and visitors

Hosting the Fly Kansas Air Tour highlights Salina Regional Airport as a hub for aviation activity and education. It also supports community engagement, promotes interest in aviation careers, and strengthens relationships with the Kansas aviation community.

# **Announcements**

Below are the upcoming board meetings scheduled for the remainder of the year. All board meetings will be held at Hangar H600, Room 100.
